Dear Dr. Salesky,

Thank you very much for the beautiful roses celebrating my new smile. There are no words to tell you how happy I am with my "new" teeth. It's so hard to believe that it was just March when I was so upset about them that I couldn't even show them to you! Do you remember that I found them so horrible that they made me cry? Worst of all can you imagine that it was about 7 years since I had seen a dentist because I was so afraid?

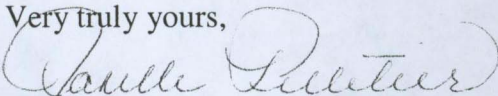

The sedation dentistry is the best thing that was ever invented, and I can't Thank you enough for recommending this procedure to me. There is no way I could ever have set foot back in your office had it not been for the sedation. Just think, I left your office just 8 hours after my first visit with presentable temporary teeth. So many of my friends and family thought they were my permanent veneers they looked so good.

And the veneers! What a transformation! I feel like a movie star when I smile now! No kidding, I smile just thinking about my teeth and how nice they look. It still amazes me that these are my teeth, and that you were able to save them all.

There are no words that can express the appreciation I feel for all that you have done. Your compassion and understanding really touched my heart and have made going to the dentist a whole new experience for the first time in my life. Without you and Rachel this would not have been possible. Needless to say I think of you both each and every single time I smile!

I am really looking forward to seeing you all again in November for my first cleaning. I promise to bring you a wedding picture of me at my son's wedding with a beautiful white smile!!

Very truly yours,

Janelle Pelletier
